

Mary Kate Connelly

- **Hometown:** Stonington, CT
 - **Educational Background**
 - BS Mechanical Engineering
 - Cornell University, 2015
 - MS Data Science
 - MSU, in process
 - **Career Aspirations**
 - I've spent a lot of my career working in manufacturing, as a mechanical engineer and process engineer. I am particularly interested in applying data science to improve manufacturing operations
 - **Learning Goals**
 - Learn tools to effectively communicate data with a target audience.
 - Become more comfortable using python for working with data and visualizations.
 - **Personal Fact**
 - I'm working on research in the Civil Engineering department to explore what insights we can gain about snow and avalanche mechanics from snow pit observations.
